

NeighborWorks® HomeOwnership Center-Stockton is now offering America's Premier Online Homebuyer Education program while in the comfort of your home and at your leisure.

This is an official English and Spanish online education certification course approved by San Joaquin County for their GAP financial assistance programs.

USDA and CalHFA Approved Homebuyer Certification

Used by over 100 homeownership counseling agencies in over 40 states to provide education, counseling and certification to thousands of homebuyers.

This course takes approximately 8 hours to complete and requires a registration fee. NeighborWorks® Stockton continues to offer the in-person monthly classes for those interested in the interaction sessions.

To register for the class is simple, just visit: <http://www.ehomeamerica.org/nwstock> .

How eHome America was Developed

eHome America was developed as a partnership between NeighborWorks America® and [Community Ventures Corporation \(CVC\)](#), a NeighborWorks® Chartered Member based in Lexington, Kentucky.

This program was developed around the "Realizing the American Dream" educational text, created by NeighborWorks® America. From this content, numerous educational videos were produced along with interactive forms and other downloadable materials. All items in this program are designed to enhance understanding of the homebuying process, from start to finish.
