**Lathrop Police Services Partners in  
Special Holiday DUI Crackdown**

**Lathrop Police Services Joins Effort to Deploy One of 300  
Sobriety Checkpoint over the Holidays**

**Lathrop, CA, December 28, 2009**– The holiday season is upon us. Plans are in place for parties, shopping and traveling to friends and family. However, each year motorists will be in harm's way thanks to the careless ones who will drink and drive this season.

Beginning December 16, 2009 through January 3, 2010 Lathrop Police Services will join law enforcement across the state as part of California's 18 Day Holiday DUI Crackdown Campaign with law enforcement agencies deploying 300 DUI/Drivers License Checkpoints statewide. Funding for the special enforcement campaign, December 16, 2009 through January 3, 2010 comes from a grant from the California Office of Traffic Safety (OTS) through the National Highway Traffic Safety Administration.

Lathrop Police Services will be conducting a DUI checkpoint on Saturday, January 2, 2010, from 7:00 p.m. to 3:00 a.m. @ West Bound Lathrop Road/Woodfield Drive. In an effort to reduce the number of persons killed and injured in alcohol involved crashes, DUI checkpoints are conducted to identify offenders and get them off the street, as well as educate the public on the dangers of impaired

driving. All too often, members of our community are senselessly injured or killed on local roadways by impaired drivers. This DUI checkpoint is an effort to reduce those tragedies. A major component of these checkpoints is to increase awareness of the dangers of impaired driving and to encourage sober designated drivers. A DUI checkpoint is a proven effective method for achieving this goal. By publicizing these enforcement and education efforts, Lathrop Police Services believes motorists can be deterred from drinking and driving.

In 2008, 11,773 people died in highway crashes involving a driver or motorcycle rider with a blood alcohol concentration (BAC) of .08 or higher. In California 1,029 were killed on state and local roads driving with a .08 BAC or higher with another 28,457 injured in Alcohol Involved Collisions.

“Drunk driving is simply not worth the risk. Not only do you risk killing yourself or someone else, but the trauma and financial costs of a crash or an arrest for impaired driving can be significant,” said Christopher J. Murphy, Director of the California Office of Traffic Safety. “Violators often face jail time, the loss of their driver’s license, higher insurance rates, attorney fees, time away from work, and dozens of other expenses. So don’t take the chance. Remember, if you are over the limit, you are under arrest.”

Law enforcement encourages everyone planning a family gathering over the holidays to first think about how your friends and family will get home after drinking during holiday celebrations. Everyone is encouraged to “Report Drunk Drivers – Call 911” and be ready to describe the vehicle, its location and direction of travel to make your community safer into the New Year. With everyone’s help, families won’t remember the holidays of 2009 as a time of loss at the hands of another drunk driver.
