

PUBLIC NOTICE

Notice of Intent to Adopt Mitigated Negative Declaration for City of Lathrop Manthey Road Bridge Replacement Project

What's Being Planned?

The City of Lathrop (City), in cooperation with California Department of Transportation (Caltrans), proposes to replace the Manthey Road Bridge to address issues of safety and circulation and to improve bicycle and pedestrian access. The replacement bridge will be along the proposed Golden Valley Parkway alignment. The City is the lead agency under CEQA and Caltrans is the lead agency under NEPA.

Why This Notice?

The City and Caltrans studied the effects this project may have on the environment and circulated the Draft IS/EA on September 11, 2020. This notice is to tell you of the preparation of the Recirculated Focused IS and proposed MND, which presents enhanced mitigation for impacts on two special-status species, Swainson's hawk and riparian brush rabbit. The Recirculated Focused Initial Study is available for you to read and participate in a public review and comment.

This document presents revised and enhanced mitigation to reduce impacts on Swainson's hawk and riparian brush rabbit to a less than significant level in response to comments on the Draft IS/EA from California Department of Fish and Wildlife and the U. S. Fish and Wildlife Service. No other resource areas are discussed in this document. These mitigation measures have been added to the proposed Mitigated Negative Declaration.

What's Available?

The Recirculated Focused IS/MND and other project information are available for review and copying at the City of Lathrop office at 390 Towne Centre Drive, Lathrop, California, on weekdays from 8:30 AM to 4:30 PM between November 12 and December 17, 2021. The Recirculated Focused IS/MND is also available on the internet for download: <https://www.ci.lathrop.ca.us/com-dev/page/public-review-documents>

To prevent the spread of COVID-19, printed copies of the document will not be available for review at public buildings or libraries. Individuals that are unable to access the Draft with Proposed Mitigated Negative Declaration at the website listed above or would require a computer disk or thumb drive containing a copy of the document should contact Angel Abarca at aabarca@ci.lathrop.ca.us.

Where You Come In

You are invited to review the Recirculated Focused IS/MND for the Manthey Road Bridge Replacement project and submit comments. Please mail your comments to Angel Abarca, City of Lathrop Public Works Department, 390 Towne Centre Drive, Lathrop, CA 95330 or email them to aabarca@ci.lathrop.ca.us. Your comments must be postmarked no later than December 17, 2021.
