

ADOPTION OF A MITIGATED NEGATIVE DECLARATION FOR CIP PW 22-36 AQUIFER STORAGE AND RECOVERY

CITY COUNCIL REGULAR MEETING | SEPTEMBER 11, 2023 | ITEM NO. 5.2

SUMMARY

- The technique of Aquifer Storage and Recovery (ASR) involves actively storing water underground during periods of high precipitation for later retrieval as needed. This process of injecting and extracting water utilizes a well and is authorized by the State Water Board.
- A Mitigated Negative Declaration (MND) and Mitigation Monitoring/Reporting Program (MMRP) were prepared for the project, pursuant to the provisions of California Environmental Quality Act (CEQA) requirements. The public comment and review period began on August 2, 2023 and ended on September 1st, 2023. As total of five comments were received.

PROJECT SITE PLAN/MAP

RECOMMENDATION

- Adopt a Resolution Adopting the Mitigated Negative Declaration for the City of Lathrop Aquifer Storage and Recovery Project, CIP PW 22-36 in Accordance with the California Environmental Quality Act Requirements
- Authorize staff to file a Notice of Determination with San Joaquin County
