

DIRECTIONS FOR EXECUTION AND RECORDATION

Junior Accessory Dwelling Units require a building permit from the Building Division.

As part of the ADU approval, a deed restriction must be recorded prior to permit issuance.

The following outlines how to fill out the deed restriction document. The responsible party is noted following each step.

1. In introductory paragraph, insert the date that the document is executed.
2. All holders of title to the Property must sign this document. Insert all names of owners in the introductory paragraph. You will have to ask for the deed to the property or a title report in order to ensure you have the correct names. Note: Deeds can be viewed or copied in person at the County Recorder's Office. They cannot be viewed or copied on-line.
3. Describe the status of the property owner in the introductory paragraph. For example, "a California corporation," "a single person," "husband and wife," etc. The marital status of the property owner is important, because all owners of the property must execute the document.
4. In first paragraph, insert street address and Assessor's Parcel Number.
5. Attach the legal description for the property as Exhibit A. The legal description should be included in or attached to the grant deed for the Property. The legal description can also be found on a title report. If a good copy of the legal description can be made, it can be attached as Exhibit A. Otherwise, the legal description must be retyped verbatim (with no changes).
6. The signatures must be notarized and the notary acknowledgement attached to the document. The City Clerk's Office provides notary services for City required documents for a fee of \$15 per signature. The names of the property owners must be typed or handwritten under their signatures.
7. The fully executed, notarized and recorded document must be submitted to Planning staff prior to building permit issuance.
