HISTORICAL BACKGROUND

On September 30, 2021, Governor Newsom signed seven major peace officer reform bills into law, including Assembly Bill 481 (AB 481). AB 481 authored by Assembly Member David Chieu (D-San Francisco) addressed requirements for the funding, acquisition, and use of items considered to be "military equipment." Effective January 1, 2022, AB 481 required law enforcement agencies to obtain approval of their perspectives governing bodies (Lathrop City Council), by adoption of a military equipment use policy prior to taking certain actions relating to the funding, acquisition, or use of military equipment. The full text of AB 481 is available here: https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=202120220AB481

During the passage of this new law, the City of Lathrop was working on transitioning to its own Police Department, with a commission start date of July 1, 2022. To comply with new state requirements for all California law enforcement agencies, the new Lathrop Police Department diligently prepared a policy for the funding, acquisition, and use of designated "military equipment," along with a list of equipment to be used by the new Lathrop Police Department in accordance with AB 481. The Lathrop City Council adopted Ordinance Nos. 22-433, 22-436, and 22-441, related to this matter.

CITY OF LATHROP POLICE DEPARTMENT

REQUIREMENTS OF AB 481 - FUNDING, ACQUISITION, AND USE OF MILITARY EQUIPMENT

- Obtain approval by the applicable governing body (Lathrop City Council), by adoption of a military equipment use policy prior to taking certain actions relating to the funding, acquisition, or use of military equipment, as defined. (See definitions below)
- Publish an annual report by the law enforcement agency to include each type of military equipment approved by the governing body.
- Annual review of the military equipment use ordinance by the governing body, and option to either disapprove a renewal of a type of military equipment or amend the military equipment use policy if it determines that the military equipment does not comply with standards for approval.
