

ADDENDUM NO. 1
February 12, 2025

LATHROP ELECTRIC VEHICLE CHARGING STATIONS
CIP GG 24-28

This addendum amends the Contract Drawings and Specifications for this project as follows:

Federal Wage Determination 10-Day Check:

General Decision Number: CA20250018 02/07/2025
Superseded General Decision Number: CA20240018
State: California

Copy of Wage Determination can be found at:
<https://sam.gov/wage-determination/CA20250018/2>

The following Requests for Information (RFI) have been received by the city, and are followed by the City's answer (A):

RFI 1: Will the City accept Class (A) General Engineering license?

A1: Yes, contractors with license classification (A) are allowed to bid for this project.

RFI 2: Do we need to bid for the footings at 3'W by 15'D, and then provide pricing for the final footings design? This will need to be done following building reactions completed by Nucor.

A2: Yes, bid item No. 26 is for baseline footings at 3'x15'. Structural Engineer will confirm and provide exact dimensions after analysis and prior to construction.

RFI 3: The plans show all level 2 chargers by Tesla w/ Pedestals, but there a note somewhere that we need one level 3 charger... wanting to confirm if one of these is a level 3 charger or not.

A2: The project will install (8) Level 2 and (2) Level 3 charging units.

When submitting the bid for the project, the Contractor must acknowledge receipt of the addendum.
